**ACADEMIC SUCCESS**

1. **STUDY HALL**

Our mission at Prairie River Junior High is to provide a safe, encouraging learning environment that nourishes commitment, fosters responsibility and values success. Completing in-class and homework assignments is one of the key components imperative for that success. At Prairie River completion of homework assignments is the responsibility of the student. Every lunch hour, in the library, time is available for students to complete assignments and get additional assistance. This room is open for the entire lunch. Should a teacher find that a student is not completing assignments, the student may be referred to study hall for assistance and to complete missing assignments.

It is the student’s responsibility to attend study hall if their work is not completed when they enter class.

In addition, a letter will formally notify parents if we are concerned that their child’s level of achievement may require retention in their current grade for the next school year. Letters will be delivered no later than February 15th in accordance to HPSD Administrative Procedure #360 on Student Evaluation. Meetings are encouraged between parents, students and teachers to intervene to build student success.

3. EXAMINATIONS

HPSD Administrative Procedure #360 states that junior high students may write final exams in the four main core subjects. In addition, Prairie River students are required to complete regularly scheduled summatives. Summatives are projects or examinations that reinforce the concepts learned to that point in the school year. Summative projects are determined by each core subject teacher. Students who have legitimate reasons for being unable to write examinations on scheduled dates will be required to write make-up examinations on alternate dates, arranged through the Principal. The Principal may also exempt a student from examinations in cases where there are serious medical or compassionate circumstances. Cross Curricular Projects are major projects that reinforce skills through two or more core subjects, ie Science Fair.

4. PROMOTIONS AND RETENTIONS

A team of teachers and administrators review each student’s academic achievement after the final grades are assigned. Students who have failed to achieve a passing grade (50% or better) in several of their classes will be considered for retention. The principal, who may consult with parents, makes the final decision to retain or promote a student.
COMPREHENSIVE COUNSELLING AND GUIDANCE PROGRAM
This program is a school-wide program designed to:

- create a positive school environment where students can learn and achieve success
- facilitate communication among students, teachers, administrators, parents and others involved in education
- collaborate on the development of appropriate educational plans for students
- increase awareness of career options
- increase students’ social effectiveness and ability to cope
- help students learn decision-making processes
- promote positive behavior
- promote acceptance and tolerance
- inform school community about available services and programs
- provide support and resources to assist in the teaching/learning process
- monitor and evaluate the effectiveness of the guidance and counseling program
- assist students to assume responsibility and ownership for their actions and their learning

1. HELP OUR STUDENTS TO SUCCEED (HOSTS)
The team consists of a Project Coordinator, Youth Success Coach, Aboriginal Mentorship Coach, and a Health and Wellness Coach. The project is designed to enhance the overall health and well-being of youth in grades 6 to 9 in High Prairie through various workshops, activities, presentations and training opportunities for the students and their families. Program funding is under review.

2. WELLNESS COACHES
Prairie River Junior High have Wellness coaches that work within the school to promote health and wellness for our students. They assist in developing positive well-being, and also provide individual and group counselling, and liaise with appropriate community agencies.
HPSD #48 ADMINISTRATIVE PROCEDURES

# 343 - STUDENT VIOLENCE

HPSD believes that our schools and school buses must be safe and secure places for students and staff. Every effort must be made to prevent schools and school buses from becoming a venue for intimidation or physical violence. Violent conduct that is dangerous to students and staff will not be tolerated.

Disciplinary action will be taken against any student who verbally or physically abuses another student. This includes instances of name-calling, threats, or inappropriate verbal exchanges, verbal abuse or intimidation, aggressive physical action, possession of knives, guns or other weapons or items of a weapon like nature. A weapon is anything used, designed to be used, or intended for use in causing death or injury to any person, or for the purpose of threatening or intimidating any person.

# 345 - STUDENT INTERROGATIONS AND SEARCHES

Order and discipline must be maintained in schools. Schools have a responsibility to act in loco parentis (as would a reasonable and prudent parent) toward the students they serve. Schools also have a responsibility to cooperate with the police and other civilian authorities. Both of these responsibilities must be considered when there is deemed to be a need to search a student’s locker or property within the school premises, or when the police or other agencies seek to interview a student on school premises.

All lockers assigned to students are the exclusive property of the Division. The Principal shall have custody of all combinations and keys to lockers or locks. Any unauthorized lock may be removed without notice and the school shall not be responsible for replacing the lock.

No right or expectation of privacy exists for any student as to the use of any locker assigned to a student by the school, and lockers are subject to search in accordance with this administrative procedure. Students shall not be permitted to have in their possession any illegal materials, including various forms of illicit drugs, narcotics, intoxicants, weapons, stolen property, and pornographic or any other offensive materials.
In the event dangerous, stolen, illegal or other offensive materials are found during a locker search, the Principal will remove and securely store the materials. The Principal shall then determine whether the matter will be handled as an internal disciplinary matter or referred to police. In making such a determination, the Principal shall consider whether the materials found are dangerous, stolen, illegal or otherwise offensive and whether a law enforcement proceeding is likely to result.

# 346 – Bully Prevention and Intervention
Bullying will not be accepted on school property, at school related activities, on school buses, or in any other circumstances (such as online) where engaging in bullying will have a negative impact on the school climate.
Bullying will not be accepted from any member of the school community, including adults in the school community as well as students.
Definition of Bullying: “Bullying means repeated and hostile or demeaning behavior by an individual in the school community where the behavior is intended to cause harm, fear or distress to one or more individuals in the school community, including psychological harm or harm to an individual’s reputation” (Education Act, 2012)
“Four most common types of bullying are verbal, social, physical, and cyber-bullying”.

# 348 - STUDENT SUBSTANCE ABUSE
HPSD does not condone student use of alcohol or illicit drugs. Every effort must be made to prevent schools from becoming a venue for the sale and use of alcohol or drugs. School staffs are urged to exercise the closest vigilance in this regard. The Division will not tolerate the possession, use, or trafficking of prohibited substances on or in school property. Prohibited substances shall include intoxicants, solvent inhalants, controlled or restricted drugs or narcotics.
Administrative Procedure #348 regulations shall apply when the use and/or possession of prohibited substances is suspected or proven. This includes:

…any student apparently under the influence of, using, or in possession of alcohol or a prohibited substance in school, on school premises or at any school-sponsored activity … AND

…any student trafficking prohibited substances in school, on school premises, or at any school-sponsored activity …

Administrative Procedure AP173 – No smoking, vaping, or tobacco products are allowed in school, on premises, property or during school functions.

ENERGY DRINKS: While energy drinks are not illegal, they are not conducive to a healthy, learning environment and therefore not allowed at Prairie River Junior High.

DISCIPLINE POLICY

School disciplinary policies are applicable to conduct during school and at any school sponsored activity, regardless of the day, hour or location of that activity. This includes behavior while riding on the school bus.

Prairie River uses an incremental approach to student discipline. Discipline initially occurs between the teacher and a student for minor infractions. Parents will be contacted should the unacceptable behavior persists. Administration may be informed of incidents at this time.

1. PLAGIARISM

Any student who is found plagiarizing work from a book, the internet or another student will receive a zero on the assignment, their parents will be contacted and other discipline measures will be determined on each individual incident, depending on the severity.

2. VIDEO SURVEILLANCE

PRJH has video surveillance in the hallways and outside. All hallways will be monitored and recorded. Places where students have an expectation of privacy, like bathrooms and change rooms will NOT be monitored but the entrances to these rooms will be monitored. The purpose of these cameras is primarily to help ensure the safety and security of the students, but the images could also be used to help enforce the rules of the school. Students must be aware that if they are recorded doing something that is against the rules of the school, the principal will use the video image to establish culpability. If students are recorded
breaking laws, the video images could be made available to the RCMP for criminal prosecution.

3. **IN-SCHOOL ISOLATION (ISI)**
   Administration may use an ISI as a disciplinary measure. An ISI is when regular classroom work is provided for the student, but they are removed from the classroom setting and placed in a quiet, very controlled environment away from their peers.

4. **SUSPENSIONS**
   Students may be suspended from school for up to 5 days by the Principal. Parents must attend a re-instatement meeting with the student and administration prior to the student returning to classes.

5. **EXPULSIONS**
   Students will be recommended to the Board of Trustees for removal (expulsion) from school for severe misbehavior. Student violence, weapons, theft, destruction of property, repeated suspensions and insubordination are offenses which will not be tolerated. Students trafficking, in possession or under the influence of drugs (including alcohol) are automatically suspended and may be recommended for expulsion. A PPC (Pupil Personnel Committee) meeting with school trustees, parents, the student and administration will be held within 10 days of the suspension date.

6. **BEHAVIOUR/ATTENDANCE**
   If the above discipline measures are not effective, then a contract is required outlining the key areas that need to be addressed. These contracts are discussed and signed with the student, parent and administration. Failure to abide by the contract could result in a recommendation for expulsion.

Further, if a students’ attendance is problematic after attempts by the home and school to rectify it, the matter may be referred to the Attendance Board of Alberta.

NOTE: Fighting is an automatic suspension, and offenders will also be charged and/or fined by the Town Constables, if applicable. Please note that this also applies to areas such as relational aggression which often takes the form of bullying.
SCHOOL ATTENDANCE/MISSED WORK

1. ABSENCES
Parents should be aware that under HPSD #48 policy a student may be retained for poor academic performance in key learning areas. For further clarification, please see Administrative Procedure #360 on the school division’s website. As regular school attendance and academic performance generally go hand-in-hand, students are expected to be in school at all times, notwithstanding unique or special circumstances. Attendance Board referrals will be made for students with chronic attendance problems.

2. LATES
Students arriving late for classes must report to the office for an attendance check and may serve a lunch hour detention for unexcused absences. The school may be contacting Parents, should there be consistent lates.

3. CONTACT
Parents, we appreciate you contacting the school office when your child is absent. Alternately, when possible, a note can be sent prior to the student’s absence.

4. ASSIGNMENTS
Regular attendance is imperative to school success. It is the responsibility of each student to catch up with missed work, assignments and handouts and complete them in a timely fashion.

5. APPOINTMENTS
In order to leave the building during class time, students need parental consent. Please phone or send a note. Students must check out at the office before leaving and again upon returning.

6. MEDICAL CONDITIONS
Students must provide a doctor’s note if physical activity is not permitted.
SCHOOL OPERATION

1. PRJH ELECTRONIC POLICY
At Prairie River we value the use of technology in the classroom, however the proper use of technology must be followed with instruction and guidance on its use. In order to maintain a learning environment that is free of distraction, students are to:
  • Ensure that personal electronic devices are powered down during class time
  • Personal electronic devices may be used before and after school, during breaks and lunch hour
In order to protect students/staff and visitors the entire Prairie River community will:
  • Refrain from recording audio, images, or video within the school without explicit permission of the teacher and any individuals being recorded
  • In order to maintain integrity of examinations students are not allowed personal electronic devices in their possessions during quizzes or tests.
  • Any use of electronic devices for harassment or intimidation is strictly prohibited and will be dealt with using Admin Procedure #346 Bullying Prevention and Intervention.
  • Failure to comply with Prairie River’s Electronic Policy will be dealt with using Admin Procedure #347 Student Code of Conduct.

2. COMPLEMENTARY COURSES/OPTIONS
Every effort is made to place students in the options that they indicate on their registration packages. First priority goes to those that get their packages in before the deadline as determined by the office. Students are required to pick their options for the year, at the time of registration at the beginning of the year.
3. SCHOOL DRESS/FOOTWEAR
Students are requested to wear clothing that meets the generally accepted adult standards of neatness and good taste. While Prairie River tries to accommodate individuality in dress, clothing should not be revealing or distracting to the education environment. No heavy or lined jackets are allowed to be taken to or worn in class. Purses or bags are not permitted in class except with special permission. Offensive language and/or graphics are not acceptable on clothing. Clothing may not promote gang related symbols or colors, sexism, violence, sexual behavior, or advertise alcohol’s substance. Prairie River Junior High is hood free and hats come off in classrooms and office, except for special activities that involve hats. Administration reserves the right to final judgment regarding appropriate clothing. **Students must have a pair of running shoes for gym use only. These shoes must have non-marking soles.**

4. ADMINISTERING MEDICINE TO STUDENTS
Parents/Guardians who wish medication to be administered to a child during school hours (including Aspirin, Tylenol, etc.) must request this in writing and supply the medication. Forms which adhere to Administrative Procedure # 314 may be obtained from the school office. Administrative Procedure requires that written permission must:

a) contain the name of the medication  
b) contain the purpose of the medication  
c) specify the time(s) to administer medication  
d) specify the duration of the medication  
e) specify the exact dosage to be administered  
f) outline procedure to be followed in case of adverse reaction  
g) include parent/guardian signature for short term duration  
h) include doctor signature if longer term care is required
5. **LOSS OR DAMAGE TO EQUIPMENT OR BOOKS**

Students and their parents are responsible for maintaining loaned or rented books, materials and equipment including chromebooks, in good condition. Loss or damage to school property will result in a request to pay replacement costs.

In accordance with *The School Act*:

*If property of a board is destroyed, damaged, lost or converted by the intentional or negligent act:*

   (a) of one student, the student and the student’s parent are jointly and severally liable to the board in respect of the act of the student, or

   (b) of 2 or more students acting together, the students and their parents are jointly and severally liable to the board in respect of the act of the students.

6. **LUNCH BREAK**

Students are encouraged to remain on school grounds during lunch. A canteen is available for students to purchase their lunch or they may bring their own. Beverages are available – water is encouraged and **energy drinks are prohibited in Prairie River Junior High**. Students who have their parents’ permission to leave the school grounds may do so immediately at the beginning of lunch.

7. **LUNCH TIME ACTIVITIES**

Various activities take place at lunch time. These activities include, but are not limited to: intramurals, computer usage, library usage, extra help sessions, and various clubs.

8. **SCHOOL TEAMS AND CLUBS**

Prairie River provides opportunities for involvement in a variety of clubs and teams. Activities may include archery, cross-country running, golf, volleyball, basketball, badminton, track and field, leadership, and drama. Staff members volunteer their time to organize and supervise these activities. Parents are encouraged to coach and/or assist with these teams.

9. **STUDENT GOVERNMENT**

This volunteer student organization is responsible for:

- supporting the school’s extra-curricular program
- supporting the school’s award system
- sponsoring cultural activities
• addressing student concerns with staff
• boosting student morale by organizing fun days
• receiving training that will give Leadership students the skills to be supportive to fellow students.

11. SCHOOL DANCES
It is the Principal’s discretion whether a school dance will be sponsored. If the school sponsors a dance, each student is allowed to invite a limited number of guests to school dances. Guests must be signed up by the end of lunch on the 2nd last school day before the activity. Dance guests must be attending school (in good standing). Prairie River students must also be in good standing in order to attend. Those who are not in attendance the day of the dance, have been suspended or expelled, students with poor attendance and/or discipline infractions will be informed that they
do not have the privilege to attend this special event. It is the host student’s responsibility to ensure that their guest knows and follows the rules of the school. Hosts must sign their guests in at the door. Guests may not enter unless they are accompanied by the inviting Prairie River student. If the Prairie River student leaves the dance at any time during the evening, the guest must leave as well. As with all school-sanctioned activities, regular school rules (no smoking, consumption of alcohol, acceptable behavior, etc.) must be obeyed. Infractions are dealt with in the same manner as they would be had the behavior occurred during regular school hours.

Students who leave the school after checking in will not be readmitted. After doors are locked, no admittance is allowed after a designated time, unless special arrangements have been made ahead of time. Parental supervision is essential for the success of these activities.

12. SCHOOL COUNCIL
The School Council is actively involved in advising school staff on matters concerning our students and their learning. School Council asks that all parents show their commitment to our students through their involvement in school council monthly meetings, fund-raising, supervision of dances and sporting events. Please refer to our school website for meeting dates.

13. PARENT VOLUNTEERS
From time to time, parents are phoned by a parent committee or a student to ask parents to volunteer their time to help with dances, casinos, extracurricular events, etc. The success of these functions depends greatly on the parent volunteers.
